## Introduction

1. The Blue Kite Academy Trust recognises its moral and statutory responsibility to safeguard and promote the welfare of all its pupils. The Trust endeavours to provide a safe and welcoming environment in all BKAT schools where children are respected and valued.
2. This document provides the Safeguarding (Child Protection) Policy statement for the whole Trust and should be read in conjunction with the Safeguarding (Child Protection) Policy for each BKAT school.
3. Section 157 of the Education Act 2002 and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children. In line with this requirement, The Blue Kite Academy Trust has systems in place which are designed to:
  - prevent unsuitable people working with, or coming into contact with pupils within school;
  - promote safe practice and challenge poor or unsafe practice;
  - identify pupils who are suffering or likely to suffer significant harm<sup>1</sup> and take appropriate action with the aim of making sure they are kept safe both at home and at school;
  - identify pupils who may be susceptible to messages of violence and radicalisation and take appropriate action to ensure early intervention challenges extreme ideologies and diverts young people from the risk they face before illegality occurs;
  - contribute to effective partnership working between all those involved with providing services for pupils.

There are three main elements to the school-level Safeguarding:

- **prevention** – a commitment to early help and identification of unmet needs and vulnerabilities and partnerships with agencies to promote the welfare of pupils and keep children safe;
- **protection** - all staff and volunteers are trained to recognise and respond to abuse and neglect and are expected to be vigilant and act quickly when they suspect a child is suffering, or is likely to suffer, harm (in line with the Safeguarding Partners procedures);
- **support** – recognition of the sensitivity and complex nature of safeguarding and child protection, ensuring that pupils, staff and families are supported appropriately.

These are embedded through the Safeguarding Policy template provided by Sarah Turner, the Safeguarding Consultant for the Blue Kite Academy Trust which all schools are expected to use.

<sup>1</sup> Significant harm can be defined as ‘the ill-treatment or impairment of health and development of a child or young person’ where:

- development includes physical, intellectual, emotional, social or behavioural development;
- health includes physical and mental health;
- ill-treatment includes sexual abuse and other forms of ill-treatment which are not physical

## Aims

4. To ensure that all practices of a school and its stakeholders contribute towards safeguarding and promoting the welfare of all BKAT pupils.
5. To communicate clear procedures for identifying, reporting and recording suspected cases of abuse, extremism and radicalisation.
6. To support the mission, vision and values of the Trust and its establishments.

## Who is responsible for the policy statement?

7. The Trust has overall responsibility for the development and effective operation of the Safeguarding (Child Protection) Policy Statement. The Trust has delegated day-to-day safeguarding responsibility to the individual schools in line with individual school policies.
8. The Trust has a specific responsibility to ensure the fair application of the policy statement and all are responsible for supporting colleagues and ensuring its success.
9. The policy statement and school safeguarding policies must be implemented alongside the procedural guidance set out by each local authority.

## The Trust's commitment

10. Everyone who comes into contact with children and their families has a role to play in safeguarding children. School staff are particularly important as they are in a position to identify concerns early and provide help for children, to prevent concerns from escalating.
11. The Trust is committed to providing safe, caring and welcoming environments where every child is able to reach their full potential free from harm, abuse and discrimination. All staff and volunteers are expected to discharge their safeguarding responsibilities effectively and recognise that high self-esteem, confidence, peer support and clear lines of communication with trusted adults helps all children, especially those at risk of or suffering abuse, to thrive.
12. Schools are alert to the signs of abuse, neglect and radicalisation and follow procedures to ensure that children receive effective support, protection and justice.
13. Each BKAT school has a safeguarding team with relevant training in line with the local safeguarding partnership requirements.
14. All staff receive safeguarding training and information at induction and then on an annual basis (including reference to agreed materials/resources) and are expected to have read (as appropriate to their role) and understood Keeping Children Safe in Education.
15. Schools will work with social care, the police, health services and other services (such as Channel co-ordinators/Police Practitioners where appropriate) to promote the welfare of children and protect them from harm.
